BS - Elementary Education Class of 1996

Other Degrees and Certifications

M.Ed - McDaniel College

Please share a few words about your professional career (i.e. current title/employer, business, profession, or retirement status).

Associate Director for College and Career Success at Baltimore Leadership School for Young Women.

Why are you interested in serving as an officer on the Coppin State University National Alumni Association (CSUNAA) executive board?

I am interested in serving on the Board as Parliamentarian, in order to promote the policy's and procedures established by the Alumni Association. In addition, as Parliamentarian, I am here to help establish other chapters around the country, and with that update refresh our bylaws and standing rules.

How can you support the alumni association to grow membership, help establish new alumni chapters, and increase alumni participation?

As Parliamentarian, I will create a bylaws committee and train all current and future members on operation procedures and standing rules. While helping to establish new chapters, I will be the lead to train the local parliamentarians, in order for our association to operate effectively.

As a college and career success professional locally; I currently have our top students apply to Coppin State University, provide internships with my office, and encourage those Coppin State University Grads to stay involved and join the Alumni association. As a result, Coppin State receives at least 5 of our students per year.
